ABOUT UNIAWAY

Clear, honest guidance for studying abroad

Uniaway is an independent international student consultancy. We help students around the world compare countries, courses and universities, and we support them through applications and preparing to move abroad.

Why we exist

Studying abroad can change your life, but the process can feel confusing: different countries, thousands of courses, deadlines, tests and visa rules. We make it clearer so you can make your own informed choices.

Who we help

Students worldwide who want to study in the UK, Australia, Europe, the USA or Canada, at undergraduate or postgraduate level.

WHAT WE DO

Support at every stage

Find your fit

A realistic shortlist of countries, courses and universities that match your grades, budget and goals.

Apply

Help checking applications, feedback on your personal statement and CV, and scholarship guidance.

Get ready to go

General visa checklists, accommodation tips and a pre-departure briefing.

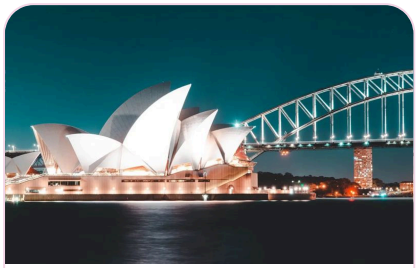

STUDY DESTINATIONS

WHY UNIAWAY

Advice you can trust

Free for students

Our advice and application support cost students nothing, with no obligation.

Independent and honest

We recommend the course and country that fit you best, not the other way round.

Five destinations, one place

Compare the UK, Australia, Europe, the USA and Canada side by side.

Clear communication

Plain answers and one point of contact from first chat to arrival.

How we are paid. We're paid by universities and institutions when a student enrols, which never changes the fees you pay them. You still pay your own costs directly to universities, embassies and test providers, such as tuition, deposits, visa fees, the Immigration Health Surcharge (IHS) and English test fees.

OUR HONEST PROMISES

- We never guarantee admission, a visa or a scholarship. Universities and governments make those decisions.
- We share general information and official checklists, but we do not give immigration or legal advice.
- Your personal statement is always your own work. We give feedback; we never write it for you.
- We will never ask you to pay university or visa fees into a personal account.

GETTING STARTED

Three simple steps

1. Get in touch

Email us or send an enquiry through uniaway.org.

2. Free chat

Tell us your goals, grades and budget. We explain your options.

3. Your plan

Get a shortlist and a clear plan for your next steps.

WHEN TO START

Ideally 9–12 months before your intake, especially for the UK September intake or US Fall deadlines. But it is never too late to ask.

Ready to take the first step?

Tell us about your plans and a Uniaway adviser will get back to you. Our guidance is free for students.
